Look for each number. Find the color. Color each space.

1-red
2-purple
3-yellow
4-green
5-orange
Dear Parent/Guardian:

Inside you will find materials set aside for the Blizzard Bags for the students in the DLP program. The materials are meant to be completed over 3 days, with anywhere from 3-6 hours total.

The focus of the packet is on coloring in the lines, identifying numbers, counting 1-5, labeling the pictures, and for the more independent children color, cut and pasting the items onto a separate piece of paper.

Depending on your child, the materials can be used as follows:

Modifications-hand over hand coloring, labeling the items orally for the child, and counting orally for the child.

If for any reason, you cannot complete the work, return it and the child will complete it in the DLP classroom.

Thank you,

Christine Secondo, DLP teacher
